VISTA CAY RESORT

4874 Cayview Avenue, Orlando, Florida 32819

Dear Valued Guest,

Thank you for booking your Orlando accommodations with us here at the Vista Cay Resort! We truly appreciate your business during these difficult times and wanted to inform you of the extra steps we are taking to ensure the safety of our guests and staff with regard to Covid-19. Guest safety and excellent housekeeping are, and always have been, our #1 priority. If something is below expectations in your apartment, please let us know!

Firstly, in your apartment our housekeepers are provided with masks and gloves plus were given new training on how to perform detailed disinfecting cleans. They are using a special disinfectant, CDC-10, that stays on hard surfaces longer than traditional cleaners to continue fighting viruses and germs. The apartments are also left vacant for at least 24 hours after the previous guest departs before they are cleaned.

Second, in our common areas you will find the resort's "Covid Clean Team," who are identified by their bright green shirts. We have hired additional staff to constantly sanitize the pool and clubhouse areas, plus building lobbies and hallways. In addition, you will notice additional hand sanitizer dispensers outside the elevators and in all the amenity areas. Thank you again for your business and if you have any questions or concerns please feel free to contact us any time!

Sincerely,
Resort Management
